I hand delivered the email to Cynthia. She's on the 4th floor with the Emergency Response folks.

There is a 10:30am Town Board Meeting.

Are you working from home today or is this your Friday off?

I'm out of the loop, but in the office. I just spoke with Martin and he showed me pictures, but I don't know where we are with communication. I can check in with Cynthia to see what the status is.

Would you like to forward this message to Martin?

Liz

Hi all,

Our emergency response folks are responding to the release from the Gold King Mine as some of it may move towards New Mexico and have asked for my support. I haven't received any info from them yet.

Can you guys share what R8 is doing so far...

etc.

OSC contact

nature of release

response actions

eco and human health screening levels being used

Thanks!

Phil
